The Kentuckian's "pony" service for yesterday's paper covered every material item of the big news of the day. The Kentuckian yesterday left nothing but details to be handled by the big morning papers arriving later in the day.

Grace Lusk, who killed Mrs. Roberts at Milwaukee, is to get a sentence of from 14 to 25 years. When the verdict was brought in Miss Lusk made an attempt to choke Prosecutor Tuller. She admitted being the mistress of Dr. David Roberts before killing his wife.

Bohemian hopes of independence from the domination of Austria-Hungary assumed a more concrete form recently in a large city near the Italian front when a regiment of Bohemian troops received a battle flag on the eve of their departure for the fighting line. Under their own red and white banner and their own officers, the Bohemians are now ranged in the ranks of the entente allied forces in battle against their oppressors.

On the American sector 14 Germans penetrated an American trench after a gas attack but were met with hand to hand fighting with knives and bayonets, both sides with gas masks. The Germans had been ordered to take prisoners at any cost but they failed to get any. The American losses were insignificant. The enemy lost all the fourteen men who penetrated the American position—nine having been killed, one having died of wounds and four having been made prisoners.

When the Butler county contingent arrived for Camp Taylor this week a little woman went with her two sons to the depot and her parting with the boys who were patriotic for she evidently meant what she said. Handling each a Bible she said: "Read these books and be good boys, and your mother will be proud of you. Your grandfather and father were soldiers and if you fight, then fight like hell."

HENRY REX.

Henry Rex was born July 28, 1842, in the province of Brandenburg, Germany. He came to this country with his parents in 1855 on a sailing vessel which was 8 weeks in crossing the Atlantic. From New York they came immediately to Dodge county, Wisconsin, and settling on a farm in the town of Hubbard. On January 19th, 1864, he married Wilhelmina Dowe. They set up their home on a neighboring farm and continued at that place until the fall of 1873 when he purchased a drug store at Hustisford, Wis. Conducting same and later turning over a part interest to his son Charles. In the spring of 1901 he sold his interest to his son and removed to Hopkinsville, Ky., where the 3 younger children were finally married and located. Mr. Rex during his residence here was not in any active business, merely taking a personal interest in his children and grandchildren. He is survived by his wife, two sons—Charles, of Hustisford, Wis., and Hugo, of Milwaukee, and one daughter, Mrs. C. S. Lander, of Hopkinsville. Mrs. L. H. Huggins, of Caaky, was also a daughter who preceded him recently.

CALL 200,000 FOR ARMY WORK

MEN OF MINOR PHYSICAL DEFECTS TO DO PRODUCTION WORK REQUIRED BY ARMY

Washington, May 30.—Two hundred thousand men of draft age because of minor physical defects who have been held by examining surgeons over the country for limited military service, are to be employed in producing or handling equipment for the army. Provost Marshal General Crowder was so ordered.

Orders went forth to governors of states for upwards of 3,000 men for service in spruce production of airplanes. The men will be allowed to volunteer until next June 6.

After that date a report will be made to the provost marshal general and if there are not sufficient volunteers, allotments will be made to the various states to be filled by involuntary inductment.

Some ten thousand men of the army now are engaged in getting out spruce timber in the northwest and the signal corps constantly is increasing this number. Consequently the sending of the new men to this field will constitute no new policy and it is understood that it has no relation to complaints that Industrial Workers of the World there have retarded the output of spruce.

Some twenty-four trades or classes, including transport and construction men, office workers and laborers are desired for the spruce division. When this division has been filled, men will be called to fill other staff services of the army until the 200,000 total has been exhausted. No indication was given as to when other calls will be made.

In a statement announcing the new plan, Gen. Crowder said the solution of the question of what to do with these men had been one of the great problems of the draft.

Some of the men, it was explained, have a thumb or toe or eye missing, but almost every one of them is engaged in active business and thus was held to be of some use in the military establishment. After months of study, it was decided to call them into branches of the new army engaged in producing equipment for the fighting men.

Elliott Morton, Master Commissioner and Earl Fowler, County Attorney, of Morganfield, have joined the Marines.
